

PVC Coated Wire

Sunny offers electro [galvanized wire](#), hot-dipped [galvanized wire](#), [annealed wire](#), [barbed wire](#) and PVC coated iron wire to customers.

[PVC Coated Wire](#) is manufactured with quality iron wire. PVC is the most popular plastic for coating wires, as it is relatively low in cost, resilient, fire retardant and possesses good insulating properties.

Common colors available for [PVC coated wire](#) are green and black. Other colors also available on request.

[PVC Coated Wire](#) Application: The most popular use for [PVC coated wire](#) is in the construction of chain link fences for industrial security fences, freeways and tennis courts. It is also used in other applications such as coat hangers and handles.

PVC Wire Mesh

Standard roll width of [PVC coated welded wire mesh](#): 24", 36", 48", 60", 72" or 0.5m to 1.8m

Standard roll length: 100' or 30m

Colors available for PVC coated [welded wire mesh](#): Green, blue, white or other colors at customers request.
